

CHEMICAL DEPENDENCY PREVENTION AND COUNSELING, CERTIFICATE

Requirements for an undergraduate certificate may be completed at any campus location offering the specified courses for the certificate.

Program Description

The Certificate in Chemical Dependency Prevention and Counseling introduces students to basic concepts related to chemical dependency, its prevention and treatment, and helping those with problems associated with chemical dependency. The certificate provides students with the academic background to understand content, models, theories, and research relevant to working with chemically dependent persons and their families.

What is Chemical Dependency Prevention and Counseling?

Chemical Dependency Prevention and Counseling focuses on evidence-based practices used in the prevention of substance use disorders and intervention of individuals and families impacted by substance use disorders.

You Might Like This Program If...

- You find it meaningful to work with individuals and families impacted by substance abuse and addiction.
- You aspire to help people enhance their physical and mental wellbeing.
- You value working in settings that focus on holistic approaches to counseling and recovery.
