SUGGESTED ACADEMIC PLAN

The suggested academic plan(s) listed on this page are the plan(s) that are in effect during the 2023-24 academic year. To access previous years' suggested academic plans, please visit the archive (<https://bulletins.psu.edu/undergraduate/archive/>) to view the appropriate Undergraduate Bulletin edition (*Note: the archive only contains suggested academic plans beginning with the 2018-19 edition of the Undergraduate Bulletin*).

Food Science, B.S. at University Park Campus

The course series listed below provides **only one** of the many possible ways to move through this curriculum. The University may make changes in policies, procedures, educational offerings, and requirements at any time. This plan should be used in conjunction with your degree audit (accessible in LionPATH as either an **Academic Requirements** or **What If** report). Please consult with a Penn State academic adviser on a regular basis to develop and refine an academic plan that is appropriate for you.

¹ (6) credit minimum of GH, GS, and GA General Education courses, and (3) credits minimum for the GHW requirement are needed and may be taken in any sequence.

² Supporting courses can be selected from a wide range of courses which serve to advance your professional development as a food scientist. Please consult with an Academic Adviser before scheduling.

University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy Cultural Diversity Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

General Education includes Foundations (GWS and GQ), Knowledge Domains (GHW, GN, GA, GH, GS) and Integrative Studies (Inter-domain) requirements. N or Q (Honors) is the suffix at the end of a course number used to help identify an Inter-domain course, but the inter-domain attribute is used to fill audit requirements. Foundations courses (GWS and GQ) require a grade of 'C' or better.

All incoming Schreyer Honors College first-year students at University Park will take ENGL 137H/CAS 137H in the fall semester and ENGL 138T/CAS 138T in the spring semester. These courses carry the GWS designation and satisfy a portion of that General Education requirement. If the student's program prescribes GWS these courses will replace both ENGL 15/ENGL 30H and CAS 100A/CAS 100B/CAS 100C. Each course is 3 credits.

Advising Notes:

- FDSC 406W, a required course within the Food Science Degree, satisfies the University's Writing Across the Curriculum requirement.
- General Education Foundations (GWS and GQ) – both require a grade of a "C" or better. Typically, the GQ General Education Requirements are met by MATH 140 and STAT 250, which are also required for the major. If these courses are used to meet GQ requirements, then they require a "C" or better.
- General Education Knowledge Domains (GHW, GN, GA, GH, GS, and Integrative Studies). Typically, GN requirements are met by other requirements of the food science major (i.e., BIOL 110, CHEM 110, CHEM 111, CHEM 112, CHEM 113).
