

WILDLIFE AND FISHERIES SCIENCE, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Career Paths

The Department of Ecosystem Science and Management career development (<https://ecosystems.psu.edu/undergraduate/resources/career-development/>) and employment opportunities (<https://ecosystems.psu.edu/undergraduate/resources/employment/>) websites offer a variety of resources to assist you in exploring professional pursuits related to natural resources and environmental science.

Careers

Employment in the wildlife and fisheries professions is highly competitive. Related work experience is often required for postgraduation employment. Students get that experience from summer jobs, internships, or independent study projects. Flexibility in job location and willingness to accept seasonal or part-time work can increase employment prospects.
