

VOCAL STUDIES, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Program Description

The vocal studies minor focuses on the study of the human voice from the perspectives of performance, pedagogy, history, and acoustical science. Students will study the human voice from several different perspectives through courses in applied voice, vocal pedagogy, music history and/or theory, and acoustics. They will also explore the art of vocal performance through participation in choral ensembles and/or musical productions.
