SPORTS ADMINISTRATION, CERTIFICATE

Requirements for an undergraduate certificate may be completed at any campus location offering the specified courses for the certificate.

Program Description

This 15-credit interdisciplinary program offers students an introduction to different aspects of sports administration careers, broadly defined. Students who complete this certificate will enhance their portfolios and career opportunities to include working in the fields of sports management, business/retail, media, sporting teams, and recreational programs.

What is Sports Administration?

Sport management is the broad field of business associated with athletics, sports teams and recreation.

You Might Like This Program If...

- · You enjoy sports and recreation.
- · You desire to add this knowledge to your major program of study.

Entrance to Certificate

Students should be aware of possible course prerequisites for some of the listed courses.

Certificate Learning Objectives

- Apply Knowledge: Student will be able to apply knowledge gained from coursework to internship setting.
- Communication Skills: Students will be able to communicate both in written and oral format
- Problem Solving: Students will be able to recognize problems and develop solutions in sports administration.

Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.
