ASTRONOMY AND ASTROPHYSICS, B.S.

Begin Campus: Any Penn State Campus

End Campus: University Park

Degree Requirements

For the Bachelor of Science degree in Astronomy and Astrophysics, a minimum of 125 credits is required:

Requirement	Credits
General Education	45
Requirements for the Major	98

18 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 9 credits of GN courses; 6 credits of GQ courses; 3 credits of GWS courses.

Requirements for the Major

To graduate, a student enrolled in the major must earn a grade of C or better in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (https://senate.psu.edu/policies-andrules-for-undergraduate-students/82-00-and-83-00-degree-requirements/ #82-44).

Common Requirements for the Major (All Options)

Select 12 credits from 400-level ASTRO courses

Code	Title	Credits			
Prescribed Cours	Prescribed Courses				
ASTRO 320	Observational Astronomy Laboratory	3			
CHEM 111	Experimental Chemistry I	1			
CHEM 112	Chemical Principles II	3			
ENGL 202C	Effective Writing: Technical Writing	3			
MATH 230	Calculus and Vector Analysis	4			
MATH 251	Ordinary and Partial Differential Equations	4			
PHYS 237	Introduction to Modern Physics	3			
Prescribed Courses: Require a grade of C or better					
ASTRO 291	Astronomical Methods and the Solar System	3			
ASTRO 292	Astronomy of the Distant Universe	3			
CHEM 110	Chemical Principles I	3			
MATH 140	Calculus With Analytic Geometry I	4			
MATH 141	Calculus with Analytic Geometry II	4			
PHYS 211	General Physics: Mechanics	4			
PHYS 212	General Physics: Electricity and Magnetism	4			
PHYS 213	General Physics: Fluids and Thermal Physics	2			
PHYS 214	General Physics: Wave Motion and Quantum Physics	2			
Additional Cours	Additional Courses				
Select one of the	following:	3			
CMPSC 121	Introduction to Programming Techniques				
CMPSC 201	Programming for Engineers with C++				
CMPSC 202					
Supporting Cours	ses and Related Areas				
Supporting Cours	es and Related Areas: Require a grade of C or better	-

Select two of the following:		6		
CMPEN 271	Introduction to Digital Systems			
CMPEN 331	Computer Organization And Design			
CMPSC 360	Discrete Mathematics for Computer Science			
CMPSC 465	Data Structures and Algorithms			
Supporting Cour	ses and Related Areas			

Select 3 additional credits from advanced courses in computer science and engineering, mathematics, or statistics

Select 12 credits in consultation with adviser from department list

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required and Inter-Domain courses do not meet this requirement.)

- · Quantification (GQ): 6 credits
- · Writing and Speaking (GWS): 9 credits

Breadth in the Knowledge Domains (Inter-Domain courses do not meet this requirement.)

- · Arts (GA): 3 credits
- · Health and Wellness (GHW): 3 credits
- · Humanities (GH): 3 credits
- · Social and Behavioral Sciences (GS): 3 credits
- Natural Sciences (GN): 3 credits

Integrative Studies

· Inter-Domain Courses (Inter-Domain): 6 credits

Exploration

- · GN, may be completed with Inter-Domain courses: 3 credits
- GA, GH, GN, GS, Inter-Domain courses. This may include 3 credits
 of World Language course work beyond the 12th credit level or the
 requirements for the student's degree program, whichever is higher: 6
 credits

University Degree Requirements

First Year Engagement

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement

6 credits are required and may satisfy other requirements

- · United States Cultures: 3 credits
- · International Cultures: 3 credits

Writing Across the Curriculum

3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits

A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work

3

12

Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition

The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80)). For more information, check the Suggested Academic Plan for your intended program.
