KINESIOLOGY, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

What is Kineslology?

Kinesiology refers to the study of human movement. This interdisciplinary field of study focuses on physical activity, movement and sport and includes specialized areas of study that include the arts, humanities, sciences and professional disciplines. These areas include biomechanics, psychology of physical activity, exercise physiology, history and philosophy of physical activity, motor development, as well as sports medicine and physical education pedagogy. This multi-disciplinary approach is useful for addressing health and wellness in a complex society.

You Might Like This Program If...

You enjoy working with people, have a passion for health and wellness, and are open to approaching problems with interdisciplinary strategies. As you learn about the human body as a whole, you will also have the opportunity to understand how you can apply your knowledge and skills to develop solutions that can help others in a number of ways, whether in a rehabilitation facility, with a professional sports team, or in a corporate office.

Program Requirements

Requirement	Credits	
Requirements for the Minor	18-19	

Students in the Athletic Training Major are not permitted to obtain a Kinesiology Minor.

Students may need additional prerequisites to complete this minor.

Requirements for the Minor

A grade of C or better is required for all courses in the minor, as specified by Senate Policy 59-10 (https://senate.psu.edu/policies-and-rules-for-undergraduate-students/59-00-minors-and-certificates/#59-10). In addition, at least six credits of the minor must be unique from the prescribed courses required by a student's major(s).

Code	Title	Credits
Additional Course	es	
Additional Courses	s: Require a grade of C or better	
Select 6-7 credits	from the following:	6-7
KINES 100	The Cultural and Behavioral Foundations of Kinesiology	
KINES 101	The Biophysical Foundations of Kinesiology	
KINES/ATHTR 202	Functional Human Anatomy	
Supporting Courses and Related Areas		

Su	pporting Course	s and Related Areas: Require a grade of C or better	
	elect 12 credits f vel: ¹	from approved list, 6 credits must be at the 400-	12
	KINES 100	The Cultural and Behavioral Foundations of Kinesiology	
	KINES 101	The Biophysical Foundations of Kinesiology	
	KINES/ATHTR 202	Functional Human Anatomy	
	KINES 321	Psychology of Movement Behavior	
	KINES 341	The Historical, Cultural, and Social Dynamics of Sport	
	KINES 345	Meaning, Ethics, and Movement	
	KINES 350	Exercise Physiology	
	KINES 360	The Neurobiology of Motor Control and Development	
	KINES 384	Biomechanics	
	KINES 405N	Bicycling Culture and Urban Design	
	KINES 410	Physical Growth and Motor Development	
	KINES 411	Introduction to Musculoskeletal Injury and Rehabilitation	
	KINES 419	Disability Sport and Recreation	
	KINES 420	Psychosocial Dimensions of Physical Activity	
	KINES 421	Exercise Psychology	
	KINES 422	Physical Activity Interventions	
	KINES 423	Psychology of Sports Injuries	
	KINES 424	Women and Sport	
	KINES 425W	Physical Activity in Diverse Populations	
	KINES 426	Physical Activity and Public Health	
	KINES 427	Developmental Sport & Exercise Psychology	
	KINES 428	Motivation and Emotion in Movement	
	KINES 429	Psychology of Sport Performance	
	KINES 430W	Groups in Physical Activity	
	KINES 431	Concussion in Athletics: Brain to Behavior	
	KINES 439W		
	KINES 440	Philosophy and Sport	
	KINES/AMST 441	History of Sport in American Society	
	KINES/CAMS 442		
	KINES 445	Alcohol and Drug Education	
	KINES 446	History of Sport in the Modern World	
	KINES 447W	Representing Sport in Popular Film	
	KINES 449	Sport in African History	
	KINES 452	Applied Cardiovascular Physiology	
	KINES 453	Environmental Physiology	
	KINES 454	Women's Health and Exercise Across the Lifespan	
	KINES 455	Physiological Basis of Exercise as Medicine	
	KINES 456	Physical Fitness Appraisal	
	KINES 457	Exercise Prescription and Case Studies	
	KINES 458	Introduction to Electrocardiogram Interpretation	
	KINES 459	Community Engagement and Outreach in Kinesiology	
	KINES 460	Movement Disorders	
	KINES 463	Acquisition of Motor Skills	

	KINES 465	Neurobiology of Sensorimotor Stroke Rehabilitation
	KINES 467	The Science of Performance Enhancement
	KINES 470	Genetics and Human Physical Performance
	KINES 471	MOTOR CONTROL
	KINES 481W	Scientific Basis of Exercise for Older Adults
	KINES 483	Motor Patterns of Children
	KINES 484	Advanced Biomechanics
	KINES 485	Science and Practice of Training Athletes
	KINES 488	Mechanics of Locomotion
	KINES 492W	Programming for Business and Agencies
	KINES 493	Principles and Ethics of Coaching
	KINES 493W	Principles and Ethics of Coaching
	KINES 495E	Advanced Professional Development in Kinesiology
	KINES 499	Foreign Studies

1 Exclude:

- EMT Courses KINES 303, KINES 304, KINES 403, KINES 404, KINES 498A-F Special Topics.
- Internship Courses KINES 495A, KINES 495B, KINES 495C, and KINES 495D and KINES 203, KINES 296 and KINES 496.

Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

Career Paths

Careers

Students with a Kinesiology minor have many career options after graduation. Discussion with an adviser, Kinesiology faculty, or professionals in the field can provide additional insight. Many students use their Penn State Kinesiology minor in allied health and wellness fields, working with a wide range of populations in many different settings. Our applied learning opportunities give students hands-on experience to work with children and adults to promote health and wellness. Kinesiology minor students are valuable employees, with their strong scientific background that they can apply to solving problems related to human movement.

MORE INFORMATION ABOUT POTENTIAL CAREER OPTIONS FOR GRADUATES WITH A MINOR IN KINESIOLOGY (https://americankinesiology.org/careers-in-kinesiology/)

Opportunities for Graduate Studies

Many students in the Kinesiology minor are looking to attend graduate or professional school after they complete their undergraduate program. Kinesiology minor students are often interested in careers in physical therapy, occupational therapy, physician's assistant, medical school, dentistry, nursing, or chiropractic school. Students may also opt to attend graduate programs in Kinesiology to advance their understanding in one of the sub-disciplines in the field. The Kinesiology undergraduate minor program can include a strong scientific foundation for further study in these fields.
