## Entrance to Major

Students who have completed 29.1 credits with a 2.00 cumulative grade-point average are eligible for entrance into the major, except for the Professional Golf Management option.

First-year students are admitted directly into the Golf Management option at the University Park campus only. In addition to the University's academic requirements, each student admitted to the Golf Management option must have a playing proficiency represented by a minimum golf handicap of 12 or lower. This must be certified in writing by a Professional Golf Association member or golf coach.

## Direct Admission to the Professional Golf Management Option

Incoming first-year students who meet the program admission requirements are admitted directly into the major. Admission restrictions may apply for change-of-major and/or change-of-campus students.

For more information about the admission process for this major, please send a request to the college, campus, or program contact (listed in the Contact tab).
