

CRIMINOLOGY, B.S.

Begin Campus: Any Penn State Campus

End Campus: University Park

Program Description

This major provides the opportunity to develop a stronger foundation in research methods, quantification, and the sciences. It prepares students with relevant aptitudes for pursuing further studies or finding employment where such knowledge is advantageous. Students contemplating futures in social science research, business, forensics, public service, and paralegal positions should consider this degree or some of its recommended courses.

Either the B.A. or B.S. degree is suitable for students seeking entry level positions in the criminal justice system and for students interested in graduate and law school. Students interested in acquiring strong quantitative skills should consider the B.S. degree.

What is Criminology?

Criminology is a broad and interdisciplinary field of study that promotes an understanding of crime and the criminal justice system and how they relate to human behavior, social environments, and government policy. Examples of topics studied in Criminology are: the causes and consequences of deviant and/or criminal behavior; the structure and functions of the criminal justice system; societal and individual reactions to crimes and criminal justice processing; the spatial and geographical elements associated with crime and poverty; and the dynamics of criminal justice policy making.

You Might Like This Program If...

- You are interested in studying human behavior through an interdisciplinary lens.
- You are fascinated with deviance and/or criminal behavior.
- You would like to study the functioning of the criminal justice system.
- You're passionate about issues of social justice.
- You would like to go to law school or graduate school.
- You want to pursue a career in policing, corrections or governmental.

Entrance to Major

In order to be eligible for entrance to this major, a student must:

1. attain at least a C (2.00) cumulative grade-point average for all courses taken at the University; and
2. have at least third-semester classification (<https://www.registrar.psu.edu/enrollment/semester-classification.cfm>).

READ SENATE POLICY 37-30: ENTRANCE TO AND CHANGES IN MAJOR PROGRAMS OF STUDY (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/37-00-entrance-to-a-college-or-major/>)

Degree Requirements

For the Bachelor of Science degree in Criminology, a minimum of 121 credits is required:

Requirement	Credits
General Education	45
Electives	17-19
Requirements for the Major	61-63

4 of the 45 credits for General Education are included in the Requirements for the Major. This includes: 4 credits of GQ courses.

Per Senate Policy 83-80.5, the college dean or campus chancellor and program faculty may require up to 24 credits of coursework in the major to be taken at the location or in the college or program where the degree is earned. For more information, check the Recommended Academic Plan for your intended program.

Requirements for the Major

A grade of C or better is required for all courses in the major. To graduate, a student enrolled in the major must earn at least a C grade in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44>).

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (<https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/>) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

Foundations (grade of C or better is required and Inter-Domain courses do not meet this requirement.)

- **Quantification (GQ):** 6 credits
- **Writing and Speaking (GWS):** 9 credits

Breadth in the Knowledge Domains (Inter-Domain courses do not meet this requirement.)

- **Arts (GA):** 3 credits
- **Health and Wellness (GHW):** 3 credits
- **Humanities (GH):** 3 credits
- **Social and Behavioral Sciences (GS):** 3 credits
- **Natural Sciences (GN):** 3 credits

Integrative Studies

- **Inter-Domain Courses (Inter-Domain):** 6 credits

Exploration

- **GN**, may be completed with Inter-Domain courses: 3 credits
- **GA, GH, GN, GS, Inter-Domain courses.** This may include 3 credits of World Language course work beyond the 12th credit level or the requirements for the student's degree program, whichever is higher: 6 credits

University Degree Requirements**First Year Engagement**

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement

6 credits are required and may satisfy other requirements

- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum

3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits

A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work

Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition

The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80>)). For more information, check the Suggested Academic Plan for your intended program.

Program Learning Objectives

- Recognize the causes and consequences of crime at the micro and macro levels and match these with prominent criminological perspectives.
- Describe the interrelated institutions and processes of the criminal justice system.
- Apply theories of crime and criminal justice to explain actual and hypothetical scenarios, behaviors, and trends.
- Explain the various social science methods of inquiry and use these to test specific criminological research questions.
- Recognize and explain macro-social inequities in crime and criminal justice processes by race, social class, gender, region and age.
- Locate and consult works in the area to produce a research paper that is coherent, cogent, and attentive to conventions of the field.

Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and-out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy Cultural Diversity Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

General Education includes Foundations (GWS and GQ), Knowledge Domains (GHW, GN, GA, GH, GS) and Integrative Studies (Inter-domain) requirements. N or Q (Honors) is the suffix at the end of a course number used to help identify an Inter-domain course, but the inter-domain attribute is used to fill audit requirements. Foundations courses (GWS and GQ) require a grade of 'C' or better.

All incoming Schreyer Honors College first-year students at University Park will take ENGL 137H/CAS 137H in the fall semester and ENGL 138T/CAS 138T in the spring semester. These courses carry the GWS designation and satisfy a portion of that General Education requirement. If the student's program prescribes GWS these courses will replace both ENGL 15/ENGL 30H and CAS 100A/CAS 100B/CAS 100C. Each course is 3 credits.

Advising Notes:

- All incoming first-year students must take a First-Year Seminar (FYS) during Fall or Spring of their first year. Academic advisers can provide a list of FYS being offered and help the student enroll. Most FYS in the College of the Liberal Arts are worth 3 credits and count as a General Humanities (GH) or General Social Sciences (GS) course. For this reason, the FYS is not listed separately on this eight-semester plan; most students will be able to fulfill the FYS requirement while also fulfilling a GH or GS requirement.
- The following sequence MUST be followed: CRIM 12/SOC 12 # CRIM 249 # CRIM 250W. It is suggested that CRIM 12 and CRIM 249 be taken as early as possible. CRIM 100 and CRIM 249 can be taken in the same semester. CRIMJ 250W will only be used as elective credits.
- While CRIM 294, CRIM 296, and CRIM 494 provide students with terrific opportunities and learning experiences, these credits may NOT be counted in fulfillment of the Criminology major requirement. They may, however, be used as elective credits to count toward the credit requirement for graduation.
- Internship credits will be counted towards elective credits, unless approved by the internship coordinator to meet a general 3 credit 400 level CRIM course requirement.
- 3 credits of the Netherlands Education Abroad experience (CRIMJ 499) can be used to meet a general 400 level course requirement. A total of 15 education abroad credits (max) may be applied toward the major; courses must be approved by the department for application toward the major. CRIM 12/SOC 12, CRIM 100, CRIM 249, and CRIM 250W cannot be taken abroad.

Career Paths

There are opportunities for careers in criminology for everyone. Whether you like field work, working in a laboratory or working behind the scenes in research or administration, the chances are you'll find a rewarding career.

Careers

Majoring in Criminology will prepare you for a wide array of criminal justice careers, such as law enforcement, corrections and rehabilitation, research analysis, governmental and non-governmental organizations.
