

GREEK, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Career Paths

A Greek minor provides students with the tools necessary to analyze numerous classical texts firsthand in their original language, a skill that proves highly valued in various careers, such as archaeology, and especially in graduate studies where knowledge of the Greek language is required for research.
