

KOREAN, B.A.

Begin Campus: Any Penn State Campus

End Campus: University Park

Program Description

The major in Korean provides students with an opportunity to concentrate on acquiring expertise in an important modern language and culture and strengthens students' overall skills in internationalism and global perspectives. The Korean major is designed for students who want to develop proficiency in speaking, listening, reading, and writing in Korean, and acquire profound knowledge of Korean culture, history, tradition, and civilization in the context of the Asian region.

The Korean major encourages students to study abroad in order to deepen their understanding of the language, culture and contemporary society, and to develop intercultural and comparative perspectives.

The major can also help students prepare for graduate study in Korea-related fields, for work in contexts where the language and culture are pertinent, or to live and work in Korea.

Students planning to teach in public schools should schedule the appropriate courses leading to certification in consultation with an adviser in the College of Education.

What is Korean?

The Korean program provides students with an opportunity to concentrate on acquiring expertise in an important modern language and its culture. Giving students a strong working knowledge of the Korean language and understanding of Korean culture, the program can help prepare students for work in contexts where the language and culture are pertinent, to live and work in Korea as informed and capable individuals equipped with appropriate intercultural skills and awareness, or for graduate study in Korea-related fields. Graduates may work in government service, domestic and foreign offices, or international agencies. Many go on to teach English in Korea or to do translation work. Employment may also be available with trade organizations, international banking houses, or U.S. companies abroad. Domestic and multinational companies are increasingly seeking employees with backgrounds in multicultural studies as a way of dealing with the global market.

You Might Like This Program If...

- You are interested in Korean language, culture, history, or society.
- You want to live or work in Korea.
- You are aiming for a career involving travel to Korea and interaction with native speakers of Korean.

Entrance to Major

In order to be eligible for entrance to this major, a student must:

1. attain at least a C (2.00) cumulative grade-point average for all courses taken at the University; and
2. have at least third-semester classification (<https://www.registrar.psu.edu/enrollment/semester-classification.cfm>).

READ SENATE POLICY 37-30: ENTRANCE TO AND CHANGES IN MAJOR PROGRAMS OF STUDY (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/37-00-entrance-to-a-college-or-major/>)

Degree Requirements

For the Bachelor of Arts degree in Korean, a minimum of 124 credits is required:

Requirement	Credits
General Education	45
Electives	20
Bachelor of Arts Degree Requirements	24
Requirements for the Major	35

3 of the 24 credits for Bachelor of Arts Degree Requirements are included in the Requirements for the Major, General Education, or Electives and 0-12 credits are included in Electives if world language proficiency is demonstrated by examination.

Per Senate Policy 83-80.5, the college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. For more information, check the Suggested Academic Plan for your intended program.

Requirements for the Major

At least 22 credits must be at the 400 level.

Students are strongly encouraged to take at least 12 of their credits in Korea, either in a Penn State Education Abroad program or another program subject to departmental approval. For curricular sequencing, the program encourages students to pursue this Education Abroad experience in the fall semester of the junior year, unless the host institution runs on the Korean academic schedule, in which case study abroad should be in the spring semester, or for the entire year.

A grade of C or better is required for all courses in the major. To graduate, a student enrolled in the major must earn at least a C grade in each course designated by the major as a C-required course, as specified by Senate Policy 82-44 (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#82-44>).

General Education

Connecting career and curiosity, the General Education curriculum provides the opportunity for students to acquire transferable skills necessary to be successful in the future and to thrive while living in interconnected contexts. General Education aids students in developing intellectual curiosity, a strengthened ability to think, and a deeper sense of aesthetic appreciation. These are requirements for all baccalaureate students and are often partially incorporated into the requirements of a program. For additional information, see the General Education Requirements (<https://bulletins.psu.edu/undergraduate/general-education/baccalaureate-degree-general-education-program/>) section of the Bulletin and consult your academic adviser.

The keystone symbol appears next to the title of any course that is designated as a General Education course. Program requirements may also satisfy General Education requirements and vary for each program.

University Degree Requirements

First Year Engagement

All students enrolled in a college or the Division of Undergraduate Studies at University Park, and the World Campus are required to take 1 to 3 credits of the First-Year Seminar, as specified by their college First-Year Engagement Plan.

Other Penn State colleges and campuses may require the First-Year Seminar; colleges and campuses that do not require a First-Year Seminar provide students with a first-year engagement experience.

First-year baccalaureate students entering Penn State should consult their academic adviser for these requirements.

Cultures Requirement

6 credits are required and may satisfy other requirements

- United States Cultures: 3 credits
- International Cultures: 3 credits

Writing Across the Curriculum

3 credits required from the college of graduation and likely prescribed as part of major requirements.

Total Minimum Credits

A minimum of 120 degree credits must be earned for a baccalaureate degree. The requirements for some programs may exceed 120 credits. Students should consult with their college or department adviser for information on specific credit requirements.

Quality of Work

Candidates must complete the degree requirements for their major and earn at least a 2.00 grade-point average for all courses completed within their degree program.

Limitations on Source and Time for Credit Acquisition

The college dean or campus chancellor and program faculty may require up to 24 credits of course work in the major to be taken at the location or in the college or program where the degree is earned. Credit used toward degree programs may need to be earned from a particular source or within time constraints (see Senate Policy 83-80 (<https://senate.psu.edu/policies-and-rules-for-undergraduate-students/82-00-and-83-00-degree-requirements/#83-80>)). For more information, check the Suggested Academic Plan for your intended program.

B.A. Degree Requirements

World Language (0-12 credits): Student must attain 12th credit level of proficiency in one world language in addition to English. This proficiency must be demonstrated by either examination or course work. See the Placement Policy for Penn State World Language Courses (<https://bulletins.psu.edu/undergraduate/general-information/academic-information/advising-planning-degree-program/course-placements/placement-policy-world-language-courses/>).

B.A. Fields (9 credits): Humanities, Social and Behavioral Sciences, Arts, World Languages, Natural Sciences, Quantification (may not be taken in the area of the student's primary major; world language credits in this category must be in a second world language in addition to English or beyond the 12th credit level of proficiency in the first language). Credits must be selected from the list of approved courses.

World Cultures (0-3 credits): Select 3 credits from approved list. Students may count courses in this category in order to meet other major, minor,

elective, or General Education requirements, except for the University Cultural Diversity (US/IL) requirement.

Program Learning Objectives

- **Familiarity with Language Style:** Familiarity with language style: Students will be able to choose and maintain the appropriate speech and writing styles based on purpose, formality of setting, and interlocutor/audience.
- **Familiarity with Resources in Language and Culture:** Familiarity with resources in language and culture: Students will be able to choose and use resources in Korean language and culture that would effectively improve their skills.
- **Knowledge of Major Cultural and Historical Events:** Students will be able to analyze and discuss the influence of historical events on current Korean culture.
- **Listening Comprehension:** Students will be able to listen to and watch, without aid, a variety of everyday Korean audio-visual materials and comprehend them. They demonstrate, in both a written and oral format, their comprehension by identifying and interpreting main points and some details contained in the materials.
- **Proficiency in Speech:** Students will be able to describe and explain their personal interests and familiar matters regularly encountered in everyday life as well as to deal with a social situation with an unexpected complication using connected sentences. They can also engage in conversation in a participatory manner in order to communicate information on topics of community, national, or international interest with sufficient control of basic structures and generic vocabulary to be understood by (non-)native speakers of the language.
- **Reading Comprehension:** Students will be able to read, without aid, a variety of everyday Korean texts and comprehend them. They demonstrate their comprehension by identifying and interpreting main ideas and supporting details on a variety of general interest topics in written and spoken Korean in connected discourse of paragraphs.
- **Writing Proficiency:** Students will be able to write their routine, personal interests and familiar matters, informal and some formal correspondence as well as narratives, descriptions, summaries of a factual nature with great control of frequently used structures and generic vocabulary using the major time frames of past, present, and future in connected discourse of paragraph length and structure.

Academic Advising

The objectives of the university's academic advising program are to help advisees identify and achieve their academic goals, to promote their intellectual discovery, and to encourage students to take advantage of both in-and-out-of class educational opportunities in order that they become self-directed learners and decision makers.

Both advisers and advisees share responsibility for making the advising relationship succeed. By encouraging their advisees to become engaged in their education, to meet their educational goals, and to develop the habit of learning, advisers assume a significant educational role. The advisee's unit of enrollment will provide each advisee with a primary academic adviser, the information needed to plan the chosen program of study, and referrals to other specialized resources.

University Requirements and General Education Notes:

US and IL are abbreviations used to designate courses that satisfy Cultural Diversity Requirements (United States and International Cultures).

W, M, X, and Y are the suffixes at the end of a course number used to designate courses that satisfy University Writing Across the Curriculum requirement.

General Education includes Foundations (GWS and GQ), Knowledge Domains (GHW, GN, GA, GH, GS) and Integrative Studies (Inter-domain) requirements. N or Q (Honors) is the suffix at the end of a course number used to help identify an Inter-domain course, but the inter-domain attribute is used to fill audit requirements. Foundations courses (GWS and GQ) require a grade of 'C' or better.

All incoming Schreyer Honors College first-year students at University Park will take ENGL 137H/CAS 137H in the fall semester and ENGL 138T/CAS 138T in the spring semester. These courses carry the GWS designation and satisfy a portion of that General Education requirement. If the student's program prescribes GWS these courses will replace both ENGL 15/ENGL 30H and CAS 100A/CAS 100B/CAS 100C. Each course is 3 credits.

Bachelor of Arts Requirements:

Bachelor of Arts students must take 9 credits in Bachelor of Arts (B.A.) Fields (Humanities; Social and Behavioral Sciences; Arts; World Languages [2nd language or beyond the 12th credit level of proficiency in the 1st]; Natural Sciences; Quantification). The B.A. Fields courses may not be taken in the area of the student's primary major. See your adviser and the Degree Requirements section (<https://bulletins.psu.edu/undergraduate/general-information/academic-information/>) of this Bulletin.

Bachelor of Arts students must take 3 credits in World Cultures. See your adviser and the full list of courses approved as World Cultures courses (<https://bulletins.psu.edu/undergraduate/general-education/course-lists/ba-world-cultures/>).

Advising Notes:

- All incoming freshmen must take a First-Year Seminar (FYS) during Fall or Spring of their first year. Academic advisers can provide a list of FYS being offered and help the student enroll. Most FYS in the College of the Liberal Arts are worth 3 cr. and count as a General Humanities (GH) or General Social Sciences (GS) course. For this reason, the FYS is not listed separately on this eight-semester plan; most students will be able to fulfill the FYS requirement while also fulfilling a GH or GS requirement.
- Students pursuing this major at a campus might require summer attendance, study abroad, or additional semesters to complete the major coursework. In their second semester, students should contact the University Park adviser to discuss options and plan their major courses accordingly.

Career Paths

A B.A. in Korean can be the basis for careers in the public sector (diplomatic corps, armed forces, intelligence, etc.), international law, business, public relations, journalism, travel and hospitality, careers requiring foreign travel or living abroad in Korean language specialist (translating, interpreting, teaching), etc.

Careers

With a Korean degree, you'll be prepared for a career in a wide range of industries and professions, including domestic and multinational companies and agencies who are looking for employees who possess linguistic abilities and cultural knowledge of Korea. Upon graduation, students can also work in various fields, including information technology, culture industries, diplomacy, and business. Students can also pursue graduate-level study in Korea-related fields to become qualified researchers and educators in many parts of the world. Many Korean majors/minors pursue opportunities to teach English in Korea (through the CIEE and English Program in Korea (EPIK) programs) and travel in the country after graduation.

Opportunities for Graduate Studies

International Affairs programs, law, or the study of Asia in various disciplines, such as art history, literature, history, religion, philosophy, political science, and sociology.
